

Department of Microbiology, Immunology & Parasitology

HOME:

The Department of Microbiology, Immunology and Parasitology at the Faculty of Medicine and Health Sciences, University of Gadarif represents a dynamic and exciting blend of disciplines. Besides offering a comprehensive set of courses and seminar/tutorials for undergraduate medical students, the department provides instruction and training to students enrolled in the programs of Nursing and Medical Laboratory Sciences, as well as graduate students who seek admission into degrees offered in those programs.

A major goal of the Department is to train the next generation of doctors and research scientists, in addition to conducting cutting-edge research. Our laboratory training is supplemented with rigorous coursework, seminars and lab meetings.

Name	Academic Degree	Specialization
Yassir Fadl Abubakar	MSc, PhD (Assist. Professor)	Immunovirology
Hanan A/Allah Ahmed	MSc, PhD (Assist. Professor)	Parasitology
Abualgasim Alamin	MD (Assist. Professor)	Clinical Immunology
Rabie Ali Babiker	MSc, PhD (Assist. Professor)	Bacteriology
Nahla Farouk A/Latif	MSc. (Lecturer)	Bacteriology

Part-time Staff:

Name	Academic Degree	Specialization
Wisal Abdelrazag	PhD (Professor)	Clinical Microbiology
Abdallah Alamin	MSc.	Clinical Microbiology

Lab. Technologists/Technicians:

Name	Academic Degree	Specialization
Yousif Osman Alamin	MSc. (Technologist)	Microbiology
Nuha Hassan	BSc. (Technologist)	Microbiology

Lab. Assistants:

Name	Specialization
Mohammed Babiker	Culture Media Prep.
Abdelrahim Ali	Sample Collection

ADMINISTRATION:

Name	Position	Telephone/Mobile	Email
Yassir Fadl Abubakar	Chair	+249123124120	yasserabubakar@gaduniv.edu.sd yassirabubakar@icloud.com
Nahla Farouk A/Latif	Executive Manager		
Nuha Hassan	Lab. Manager		

Department of Microbiology, Immunology & Parasitology

RESEARCH:

On-going:

1. HIV characterization and Epidemiology
2. HBV Characterization
3. Leishmaniasis
4. Gadarif State endemic diseases
5. Malaria

RECENT STAFF PUBLICATIONS:

EDUCATION AND TRAINING:

Our undergraduate course offerings allow students to gain an Introduction to the fields of Bacteriology, Mycology, Virology, Immunology and Parasitology; with special focus on body system-related microbes, and to explore many of the more specific areas attributed therein.
